

Kärcher's award-winning K3 series of pressure washers offers premium performance in a compact package. Equipped with two spray wands, the **K 3.68 M** is able to tackle any cleaning project around the home. For tough jobs, attach the included **DirtBlaster™** Spray Wand to increase the effective pressure by up to 50%! For less intense cleaning, attach the included Vario Power Spray (VPS) Wand, which allows you to adjust the pressure right on the wand.

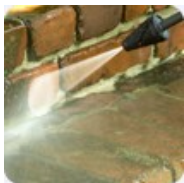

This model also comes equipped with an **onboard detergent tank** that makes detergent application a snap. Simply fill the tank with [pressure washer detergent](#), attach the VPS spray wand, select the low pressure setting and apply the detergent mixture to the area you wish to clean.

The **K 3.68 M** features an upright, ergonomic design, is easy to maneuver and takes up very little storage space. You can even draw water from a standing source, a feature that comes in handy when a water faucet isn't available.

Wondering how Kärcher's electric pressure washers compare to competing models? Please take a moment to review our [Abrasion Test Results](#).

Much quieter than a gasoline pressure washer and certified by CSA International for safety, the **K 3.68 M** is perfect for residential neighborhoods and subdivisions.
