

Our 5-Series line offers the most durable electric pressure washers for the home! The **K 5.85 M** from Kärcher is built to last. Made with an extra durable pump borrowed from our professional line of pressure washers, this unit can withstand the rigorous demands of frequent use and delivers an amazing 1850 PSI, more than 37 times as much pressure as a typical garden hose.

Equipped with two spray wands, the **K 5.85 M** is able to tackle any cleaning project around the home. For tough jobs, attach the included **DirtBlaster™** spray wand to increase the effective pressure by up to 50%! For less intense cleaning, attach the included Vario Power Spray (**VPS**) wand, which allows you to adjust the pressure right on the wand.

This model comes equipped with an **onboard detergent tank** that makes detergent application a snap. Simply fill the detergent tank with Kärcher Pressure Washer Detergent, attach the VPS spray wand, select the low pressure setting and apply the detergent mixture to the area you wish to clean. Based on feedback from our customers, we also equipped this top-of-the-line model with a **built-in hose reel**, the ultimate solution for convenient, hassle-free storage of the high pressure hose.

Much quieter than a gasoline pressure washer and certified by CSA International for safety, the **K 5.85 M** is perfect for demanding residential use. If you clean often, value durability and demand professional level cleaning results, you owe it to yourself to check out the K 5.85 M.

TECHNICAL SPECS
