

Introducing the newly designed **G 2600 VH** from Kärcher! After interviewing pressure washer users around the country, we designed the G 2600 VH from the ground up with the most requested features, including convenient **quick connect couplings** for the high-pressure hose and a **wand stabilizer grip** to reduce wrist and forearm fatigue while cleaning. The result is a pressure washer that is versatile, attractive and affordable.

The **G 2600 VH** sports many other industry-leading features, including a **de detergent tank with adjustable flow control**, a folding handle for easy storage and an upright frame with 10" pneumatic tires and metal wheels. As with our other G-series pressure washers, the G 2600 VH uses technology borrowed from our successful line of commercial products, including a **commercial-grade pump with brass pump head** developed exclusively by our German engineers. (The same pump technology was used by Kärcher to clean the presidential faces on [Mount Rushmore](#).)

The **G 2600 VH** is also equipped with a reliable, easy to start **161cc HP Honda GCV 160 engine** and a set of four patented Pro-Style nozzles. A full line of accessories is available to further enhance the capabilities of this exciting new pressure washer. The G 2600 VH represents great value, offering German engineering at an affordable price. An excellent choice for the first time gasoline pressure washer buyer!

NEW! View online "how-to" videos using Kärcher gasoline pressure washers. These videos demonstrate proper steps to achieve optimum cleaning results.

TECHNICAL SPECS

Part Number	1.194-404.0
Operating Pressure	2600 PSI
Power Supply	161cc Honda GCV 160
Water Volume	2.3 GPM, Direct-Drive Axial Pump
Maximum Water Inlet Temp	104° F
Weight w/o Accessories	55 lbs.
Dimensions (L x W x H)	
Warranty	1 year limited Kärcher warranty [View Kärcher Warranty] 2 year limited Honda engine warranty [View Honda Warranty]

G 2600 VH STANDARD ACCESSORIES

Catégorie Commerciale, lance de pulvérisation plaquée avec adaptateur de connexion rapide
Poignée-pistolet avec cran de sûreté pour enfants, catégorie commerciale
Buses Pro-Style de connexion rapide (0°, 25°, 40°, détergent)
Integrated Detergent Tank with Regulator
Supports de lance, de poignée-pistolet et de boyau intégrés
25 Ft. High Pressure Hose with Quick Connect Couplings
Wand Stabilizer Grip
